Peaches and Plums Combine with Pleasure

By BETTY BARCLAY

WHAT'S better than peaches? What's better than plums? Well, the only thing we can suggest is a combination of the two. There's no doubt about it — when these two fruits get together the result is a real triumph in flavor. Combine them in jams, combine them in jellies . . . and you will have one of the most popular spreads in your jam cupboard.

Homemakers know how invaluable a well stocked jelly shelf can be in a busy household. Use sugar now and later you may create many delicious desserts by the use of jams and jellies — with no further sweetening required.

Modern recipes assure you of a perfect product every time — with never a failure to mar a summer day. More hours in the sunshine and less at the stove, too. Secure half-again more glasses and the rich flavor of fully sun-ripened fruit. Give these recipes a hand:

Ripe Peach and Plum Jelly
(Makes about 7 medium glasses)
3 cups juice
4 cups sugar*
1 box powdered fruit pectin

To prepare juice, cut in pieces (do not peel or pit) and crush about 2 pounds fully ripe peaches and 1 pound fully ripe plums. Add ¾ cup water, bring to a boil, and simmer, covered, 10 minutes. Place fruit in jelly cloth or bag and squeeze out juice. (If there is a slight shortage of juice, add small amount of water to pulp in jelly cloth and squeeze again.)

Measure sugar into dry dish and set aside until needed. Measure juice into 3- to 4-quart saucepan.

Place over hottest fire. Add powdered fruit pectin, mix well, and continue stirring until mixture comes to a hard boil. At once pour in sugar, stirring constantly. Continue stirring, bring to a full rolling boil and boil hard ½ minute.

Remove from fire, skim, pour quickly. Paraffin hot jelly at once.

*2 cups light corn syrup may be substituted for 2 cups of the sugar.

Ripe Peach and Plum Jam
3½ cups prepared fruit
4½ cups sugar*
1 box powdered fruit pectin

To prepare fruit, peel about 1½ pounds fully ripe peaches; pit and grind or crush thoroughly. Pit (do not peel) about 1 pound fully ripe plums. Cut in small pieces and crush thoroughly. Combine fruits.

Measure sugar into dry dish and set aside until needed. Measure prepared fruit into a 5- to 6-quart kettle, filling up last cup or fraction of cup with water if necessary.

Place over hottest fire. Add powdered fruit pectin, mix well, and continue stirring until mixture comes to a hard boil. At once pour in sugar, stirring constantly. (To reduce foaming, ¼ teaspoon butter may be added.) Continue stirring, bring to a full rolling boil and boil hard 1 minute.

Remove from fire, skim, pour quickly. Paraffin hot jam at once. Makes about 8 glasses (6 fluid ounces each).

*2¼ cups light corn syrup may be substituted for 2¼ cups of the sugar.

Do you read the "papers"?

Certainly, everyone reads the "papers" for latest news, these days. But does your copy of the papers include local news of your neighbors, your city government, your home defense efforts, announcements by YOUR stores?

Not unless you read The Daly City Record, it doesn't. For San Francisco news is not Daly City news. Tax rates, civilian defense regulations, city government news (even county government news) from San Francisco do not apply in Daly City. You won't find your school news, organizational activities, etc., in San Francisco newspapers.

SAFEWAY Homemakers' Guide

Last Call for Home Canning

We always have wound up the canning season at home by making sauerkraut. Probably the reason is because the late cabbage as a rule seems so much better and is so firm.

Homemade sauerkraut makes me think of all the good-tasting Fall and Winter dinners we are going to have. Our favorite is sauerkraut with weiners or spareribs—and dumplings (made right on top the kraut), sliced onions in vinegar, with baked apple and gingerbread for dessert.

TO MAKE KRAUT IN JARS

Mix shredded cabbage with salt, using ½ tablespoon salt to each quart cabbage. Pack firmly into sterilized glass jars, fill with cold water, adjust covers fairly tight. Store in comfortably warm place (75° to 85° F.) and where possible overflow of liquid will do no harm. If scum forms, remove it. The kraut will ferment or cure for a few days, and will be ready to use in a month. At that time, drain off juice, heat to boiling, pour over kraut again, and seal tight. *Do not process.*

SAUERKRAUT

20 lbs. cabbage
½ lb. (⅞ cup) cooking salt

Select firm, mature heads of cabbage. Remove outer leaves; wash well; quarter, remove core; slice very fine. Mix 5 lbs. (about 7½ qts.) shredded cabbage with 2 oz. (3½ tbsps.) salt; place in deep crock or tight wooden keg; tamp down firmly with wooden masher. Repeat until all cabbage is used. Press down, cover with clean white cloth, then with plate or round wooden board small enough to fit down inside crock; weight down with a clean rock to keep cabbage covered with brine that forms. Keep in a warm place, 75° to 85° F. Inspect each day; remove scum with spoon; rinse cloth in clear water.

Kraut will be "cured" (appearance and taste will tell) in 10 to 20 days, depending upon amount of cabbage and temperature.

Kraut may be left in crock or keg all winter, in a cold celler or basement (take care to remove any scum) or it may be canned from 1 to 3 months after curing. To can: drain off juice, pack cold kraut into hot sterilized fruit jars to ½ inch from top; heat juice to boiling, pour over kraut, seal, store in cool dark place. *Do not process.*

NOTE.—Cooking salt is salt without a filler and comes in bags.

Housing Center Has New Address

In order to give better service to applicants for housing, on Saturday, September 11, the San Mateo County War Housing center moved to 1108 Burlingame avenue, Burlingame. This location is half a block from the railroad station and the bus and car lines.

The critical shortage of all types of accommodations both for couples and for couples with children continues.

"One of our war industries has lost 700 workers in the past five months due to their inability to find decent living quarters. Let us stop this handicap to the war effort. List all vacancies with the War Housing center at once," said Louis Lengfeld, manager.

State Board Gives Report On Gas Tax

Richard E. Collins, chairman of the State Board of Equalization, revealed here today that the California gasoline tax based on July business was only 6.9 per cent less than the corresponding figure for the same month of last year, despite the fact that rationing was not then in force.

Announcing completion of the tax assessment of $4,579,364 on the basis of the distribution of 152,645,457 gallons of motor vehicle fuel during July, Collins contrasts this with the tax of $4,920,232 assessed a year ago on 167,007,743 gallons. He pointed out the current figure marks a decline of only $340,868.

What can I do?

We believe that nearly all Americans are convinced that, with all its drawbacks, a food rationing program is necessary for an equitable distribution of foods. We have only to remember the chaos which existed prior to rationing, when various lines were "bought out" at the stores.

To help make food rationing more workable, each American housewife or purchaser of food for the family unit, should do everything within her power to cooperate with retailers. An understanding of details of the program will do much to aid in daily shopping. Please remember that your food dealer does not make the regulations, but is charged with the responsibilities of carrying out a plan which rationing experts have decided is most helpful to the nation at large.

As Daly City's largest food center, Milo's Market brings you complete shopping service in one big, modern, deluxe market. At the "Top of the Hill" in the center of Daly City's business district, our one-stop convenience can be a real aid in these busy times.

Strongly competitive prices, made possible by our really big-store operations, reign in all departments. Featured are nationally famous brands of staple and fancy groceries at rock-bottom prices; complete selection of all kinds of fresh fish and poultry; and a meat department whose tremendous volume assures a wide choice of cuts and kinds of fresh and cured meats at low prices.

"Gardening" is a pleasure in our enormous section set aside for fresh fruits and vegetables, with racks and racks of every produce item in season. All are daily-fresh, hand-selected from the best at the growers' markets.

America DRIVES to VICTORY!

BATTERIES are a big item in our fight for Victory. That's why car owners are being asked to take care of the one they have. If your battery shows signs of weakness, don't make the mistake of waiting. Have it recharged and inspected by someone who knows how—have it inspected by Mather's!

ABSENTEEISM?

"If this is absenteeism," says Bob, "make the most of it. Gail and I are going to be gone from the store, from Wednesday to Sunday, September 15 to 19, on our first vacation for a long time.

"Our staff will be on hand to care for your wants, from 8 a. m. to 6 p. m., and can sell you everything as usual, excepting fresh meats. For five days you'll have to get along on lunch meats, cured meats, quality groceries, fresh vegetables—and all that goes with them.

"We appreciate the patronage of our many customers, and believe they'll understand when we need a little rest from being wartime grocers."
